Preface

This Directory lists the young men who were inducted from the Mennonite Church, Conservative Amish Mennonite Church, Old Order Amish Mennonite Church, and the Old Order (Wisler) Mennonite Church into Civilian Public Service under the Selective Training and Service Act of 1940.

It also contains a list of the young men who were engaged in Alternative Service Work in Canada. The method of drafting young men in Canada was different from that followed in the United States. Many of the Canadian young men were engaged in agriculture whose wages were collected by the government but whose names are not listed here under A.S.W.

This Directory will prove of considerable value in the coming years as a matter of record and reference. The Directory should also serve as a memorial as well as an expression of appreciation for the positive testimony to the doctrine of nonresistance which our young men have made to the world. The unstinting gratuitous service rendered by these young men in government service will leave its impress upon the minds of all those who came in contact with them. The intrinsic value of the service in its various fields, such as mental hospitals, land conservation, reforestation, emergency work, research and laboratory experimentation, has also proved of invaluable worth.

This Directory lists the names of 2,908 young men in C.P.S. distributed among the four Mennonite groups as follows: Mennonite, 1,998; Old Order Amish Mennonites, 632; Conservative Amish Mennonite, 195; Old Order (Wisler) Mennonite, 83. Also listed are the names of 212 young men who were engaged in A.S.W. in Canada.

Grateful acknowledgments are due the following for their counsel and assistance: Orie O. Miller, Secretary-Treasurer of Mennonite Central Committee and Executive Secretary of C.P.S. Administrative Office, at Akron, Pa.; H. S. Bender, Chairman of Peace Problems Committee (United States); J. L. Horst, Chairman of Mennonite Relief Committee; J. B. Martin, Secretary of Peace Problems Committee (Canada); C. J. Ramer, moderator of Alberta-Saskatchewan Conference; Ernest W. Lehman, Publicity Director, and Richard L. Ebersole, Assistant Treasurer and Office Manager at the offices at Akron; Betty Weber, secretary in the editorial office of the Mennonite Yearbook; and many others who gave suggestions and encouragement to the project.

Every attempt was made to record the information accurately and without error. In a publication of this size and kind, one may assume that errors will have been made. The editor assumes responsibility for errors and misinformation which may appear in the Directory.

The Directory is divided into two parts: the list of the names of men, in alphabetical order, who were in C.P.S. and the list of the names of men engaged in A.S.W. in Canada. The list under A.S.W. contains only the names and addresses. Below is a sample listing of a name with explanatory remarks regarding the information contained under each name in the Directory for C.P.S.

(1) *Public, John Q.*, 414 Penn, Pittsburgh, Pa. (Here are the name and address of the camper. Address is given as of time of induction and may not be the present address.)

(2) (Sw. Pa., Scottdale) (The first item is the abbreviation of the conference with the name of the congregation following. In this case the conference is the Southwestern Pennsylvania Mennonite Conference and the congregation the Scottdale Mennonite Church.)

(3) b. 9-26-19. (This is the date of birth—September 26, 1919.)

(4) 3-3-43 to 12-10-46. (The first is the date of induction, March 3, 1943, and the second is the date of discharge, December 10, 1946. When the camper transferred to Armed Forces, it is indicated with abbreviation A.F. with date of transfer following. In some cases date of discharge was unavailable at the time of compiling this Directory.)

(5) CPS: 4, 107, 103, 28. (These are the camp numbers. By referring to the list of camps on pages ix and x, one can learn the type of service, location of camp, and sponsoring group).

(6) S-S. (This indicates marital status, single when inducted and single when discharged. S-M: single when inducted; married when discharged. M., married when inducted and discharged.)

(7) Farmer. (Last item in listing is occupation at time of induction.)

Mennonite Yearbook and Directory

Introduction

Civilian Public Service has been a new and unique experience for the Mennonite Church. Never before in the history of our church in America could young men participate during war time in a constructive, systematic program of alternative service, instead of entering the military forces or serving in prison. In the operation of this program, the church and government were related in a unique way. While the letter of the Selective Service law was observed, the church had liberty in the administration of many aspects of the program. The situation also called forth a degree of mutual sharing and co-operation among the Mennonite groups and other denominations, which was without precedent. In this program not only the young men were affected, but also those members of the church who remained at home. It became clear to all that nonresistance is not an emergency technique in time of war, but must be a way of life at all times.

Through C.P.S., the church entered an open door of witness and growth. Many, many people learned of our peace testimony in this way. Many persons of other faiths were encouraged to stand for the way of peace even though their own church did not support them. Thus the Mennonite Church was able to carry its message to a number of other religious groups. Men who entered C.P.S. camp with a creative and truly constructive attitude were able to translate their compulsory service into a valuable experience, not only in terms of the work they accomplished, but in personal spiritual development.

This Directory is a valuable contribution to the historical record of Mennonite C.P.S. Young men who served in camp will find this a useful source of information for keeping in touch with former comrades. It will remind individual men that they were not alone in this position, but that thousands of others shared in the witness. To the church, this Directory bears testimony of the large group of young men who stood for the nonresistant way of life. Indeed, it is an "honor roll" of the young men of the church who gave this service for the government, and in the name of the church.

Alternative Service Work in Canada

Below are listed the names of young men who were engaged in A.S.W. in Canada. Many more of the young men whose names are not listed were permitted to stay on farms under the A.S.W. but were required to pay from \$15 to \$35 a month to the government. We regret that we have been unable to print the same information for the young men in A.S.W. in Canada as is being printed for the young men in C.P.S. in the United States. The figure or figures following each name refer to the list of A.S.W. camps given below.

CAMPS AND TYPES OF WORK

1. **Montreal River, Ontario.**—This camp was located about eighty miles northwest of Sault Ste. Marie, Ontario. The men were employed by the Department of Highways in the building of a 200-mile link of the Trans-Canada highway.
2. **Chalk River, Ontario.**—The government has a large experimental forestry station here. This camp was engaged in forestry work and fire fighting during the summer season.
3. **Chatham, Ontario.**—This camp was located in a district where sugar beets as well as tomatoes, corn, etc., were raised. The men were engaged in agricultural work, chiefly in connection with raising sugar beets.
4. **Banff, Alberta.**—In these camps the men worked in the large government parks in the Rocky Mountain district.
5. **British Columbia.**—In the timber country of this part of Canada a number of camps were located in Western British Columbia and on Vancouver Island. An average of fifteen to twenty men were in a camp. Because of the fear that the Japanese would start fires and the usual danger of fire in the summer, the men were located here to engage in fire fighting as well as road building, tree planting, forestry, and wood cutting.
